DETAILED ACTION

1. Claims 1, 3-7 and 20 are pending in the present application.
2. Claims 8-14 were cancelled in the response filed January 13, 2006.

Allowable Subject Matter

3. Claims 1, 3-7 and 20 are allowed.
4. The following is an examiner's statement of reasons for allowance:

Applicant's amendment canceling claims 8-14 overcomes the rejection cited under 35 USC 112 second paragraph. In the last correspondence claims 1, 3-7 and 20 were noted as allowable. The prior art of record fails to teach the combined limitations of independent claims 1 and 20. Specifically regarding independent claim 1, the prior art of record fails to teach the following: "a shared ownership of other configuration items which have not been modified themselves and which are owned by said predetermined configuration item; wherein every object in said object-oriented database management system has as a component thereof a list of owners of said object". Regarding independent claim 20 the following limitation is not taught as claimed: "a shared ownership of other configuration items which are owned by said predetermined configuration item; wherein every object in said object-oriented database management system has as a component thereof a list of owners of said object; wherein said list of owners is capable of including multiple owners" and "wherein shared ownership extends

from inside said workspace to outside of said workspace, through the use of ownership lists for each item outside of the workspace which is owned by items in the workspace”.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
